

# HOW TO...

## Work with Outcomes Stars™ in the context of the Care Act 2014

Top tips for reporting to Care Act 2014 using the Stars most relevant for Adult Care and Carers. This document demonstrates how you can use the Outcomes Star to work within and report to the outcomes areas set out by various frameworks linked to the Care Act 2014.

A series of tables shows the read across between:

- The key outcome areas used to define 'well-being' in the Care Act
- The eligibility outcomes and thresholds defined in the Care Act
- The outcomes areas covered by Adult Social Care Outcomes Framework 2015/2016
- The outcomes areas covered by Triangle's five key Outcomes Stars for Adult Care – Independent Living Star, Older Person's Star, Mental Health Recovery Star, Life Star and Carers Star.

We also set out some thoughts on how the Stars can support the implementation of the Care Act in other ways, and some general guidance about using the Star with other tools and frameworks.

### 1 How the Outcomes Star™ generally supports the Care Act 2014

In addition to the outcomes defined in the Care Act, it also sets out a number of key principles for social care. Here we demonstrate how the Outcomes Stars can help organisations follow these key principles:

Key principles for care set out in the Act <sup>1</sup>	How the Outcomes Star can help organisations
The importance of beginning with the assumption that the individual is best-placed to judge the individual's wellbeing	The Star is an accessible and collaborative assessment, review and planning tool. This approach empowers service users to participate in conversations about their needs and goals, and helps frontline practitioners to work consistently in this way.
The importance of the individual participating as fully as possible in decisions about them	
The importance of an individual's views, wishes, feelings and beliefs	The Star is a holistic, person-centric and strengths-based tool. This means that completing a Star assesses all key aspects of a service user's life, and captures their voice and views in a consistent and accessible way.
The need to ensure that decisions are made having regard to all the individual's circumstances

## 2 General guidance for using the Outcomes Star™ with other tools and frameworks

The Outcomes Star is not designed to work as a stand-alone needs assessment tool or to measure the level of support need for an individual. However it can work well alongside needs and eligibility assessment, for example if a service completes a needs assessment with a service user, the information held in it can be used by a keyworker to inform the completion of a service user's first Star - or vice versa. Completed Stars can be used to inform review assessments, and to share information about all areas of a service user's life with a multi-agency team.

In the same way, the Outcomes Star is not a risk assessment tool and services should consider how to effectively measure and manage risk alongside their use of the Star, which focuses on person-centred planning and measuring distance travelled.

## 3 Using the Outcomes Star™ in the context of the Care Act 2014

The next few pages contain a series of tables demonstrating how the outcome areas covered by our four key Stars for Adult Care read across to the outcomes listed under the Care Act and other linked frameworks.

*Please note that on tables 2, 3, 4 and 5, the alignment between ASCOF, Care Act eligibility outcomes and Care Act Well-being outcomes are a Triangle suggestion only and is not set out in the Care Act or ASCOF themselves.*

The Star is a holistic, person-centric and strengths-based tool

The Star is an accessible and collaborative assessment, review and planning tool

The Star works well alongside needs and eligibility assessment

## 4 Care Act and Independent Living Star™

Table 2

ASCOF 2015/2016 <sup>3</sup>	Care Act – Eligibility Outcomes <sup>4</sup>	Care Act – Well-being Outcomes <sup>5</sup>	Independent Living Star – Outcome areas
Dignity		Personal dignity	<b>Being treated with dignity</b>
Safe and secure		Protection from abused and neglect	
Control over daily life		Control by the individual over day-to-day life	<i>Covered across all outcome areas – ‘Choice and control’ is stage 4 in the Journey of Change</i>
Personal cleanliness and comfort	Managing and maintaining nutrition	Physical and mental health and emotional well-being	<b>Looking after yourself</b>
	Maintaining personal hygiene		
	Managing toilet needs		
	Being appropriately clothed		
			<b>Health</b>
			<b>How you feel</b>
Occupation	Making use of necessary services in the local community	Participation in work, education, training and recreation	<b>Meaningful activity</b>
	Accessing and engaging in work, training, education or volunteering	The individual’s contribution to society	
		Social and economic wellbeing	<b>Managing money</b>
Social participation	Developing and maintaining family or other personal relationships	Domestic, family and personal relationships	<b>Social life</b>
Accommodation	Being able to make use of the home safely	Suitability of living accommodation	<b>Where you live</b>
	Maintaining a habitual home environment

## Next steps

For more information about the Outcomes Stars and the Independent Living, Older Persons, Life and Carers Stars more specifically, please visit our website [www.outcomesstar.org.uk](http://www.outcomesstar.org.uk).

If you would like to discuss any of the top tips in this guide or have any queries at all about using the Star in your service, please get in touch by emailing [info@triangleconsulting.co.uk](mailto:info@triangleconsulting.co.uk) or calling us 0207 272 8765.

# Triangle

### The social enterprise behind the Star

Triangle Consulting Social Enterprise is an innovative, mission-led organisation that exists to help people reach their highest potential and live meaningful and fulfilling lives, often in the context of social disadvantage, trauma, disability or illness.

We do this by creating and supporting the Outcomes Star and other tools to unlock the potential of both individuals and the workers and organisations who support them. We believe that by balancing clear thinking, human connection and action – using the head, heart and hands – we can make a real difference in the world.
