THE NEW AND IMPROVED OUTCOMES STAR™ ONLINE SYSTEM

New design

New layout with improved Resources, Records (information entered about service users and Stars), Reports (new and improved dashboards) and Help Centre

Enhanced security

New secure log-in process - once every 24 hours, enter a code sent to your email address

Familiar process

For adding service users, entering Star data and updating action plans

NB – Live collaborative completion (completing Stars on-screen with service users in real time) available from 2nd March 2020

Allows you to securely record service user names and personal information

Completely revamped reports helping you to understand the outcomes being achieved

Makes it easier to see information 'at a glance' and quicker to find what you need

Your organisation will switch to the updated system between **January and March 2020**
